

Sell On-Site Tickets, Accept Credit Cards & Print Receipts

HomeTown provides schools with an easy-to-use, Point of Sale solution to manage on-site ticket sales with a cloud-based box office that records all online and on-site purchases in one central location. Easily handle walk-up sales, accept credit card payments, track cash-based

transactions and deliver tickets to customers by text message, e-mail or printed paper receipt. HomeTown provides schools with everything they need to process fast, secure, mobile payments to get students, families and fans into the game quickly, conveniently and safely.

Sell Tickets

Enhance your online box office with our on-site, mobile POS system.

Send Tickets

Send mobile-friendly digital tickets to customers via text message or e-mail.

Track Sales

Track event attendance, on-site and online sales, all in the HomeTown Gate app.

Enjoy fee-free cash sales on site and only processing fees for credit card sales.

Schools HomeTown

"Easy to use for people of all different technology levels."

Matt Freeman
Athletic Director,
Salem High School

"Less cash to receive, count and take to the bank."

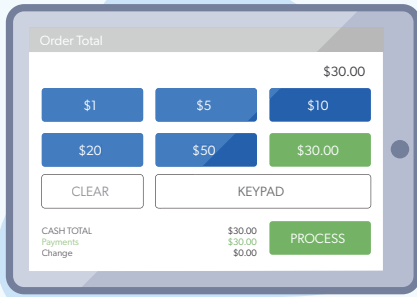

Cindy Vanderlinden
Accounts Manager,
Des Moines Christian School

"Robust reports provide us with accurate and timely deposits."

Timothy "Ryan" Jenkins
Treasurer/CFO,
Pickerington Local School District

Sell Tickets On Site at Events

The HomeTown Gate app serves as an easy-to-use POS system that allows schools to track cash and credit card ticket sales from your on-site box office or gate and provide fans with tickets to your events. The app is compatible with iOS and Android mobile devices and is available for free download.

Accept Credit Card Transactions

The credit card reader provides schools with a mobile-friendly solution to accept credit cards at events via tap, insert or swipe. On-site credit card payments are deposited into the district-wide payment processor account and recorded in your online box office alongside online ticket sales for each event.

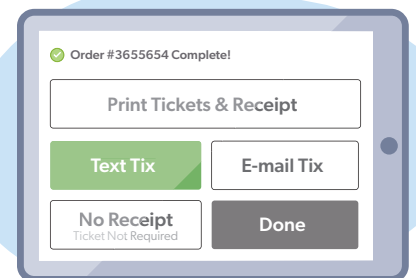

Print Paper Tickets & Receipts

The portable thermal ticket printer allows your staff to quickly print tickets from the on-site box office or gate within seconds of purchase to expedite walk-up ticket sales, reduce long lines and get fans into the game faster. Say goodbye to rolled paper tickets with this easy-to-use, Bluetooth ticket printer.

Send Digital Tickets by Text or E-mail

Send mobile-friendly digital tickets to customers via text message or e-mail immediately after purchase directly from within the HomeTown Gate app. Or use our auto-check-in capabilities to allow your staff to collect payment and instantly check fans into the game without exchanging any tickets at all.
