

HOW TO SAVE INFO FOR SECURE 1-CLICK CHECKOUT WITH LINK

With our new 1-Click Checkout feature, you can securely save your payment and contact information for faster transactions on future purchases. Simply opt-in during checkout, by adding your phone number again in the required field. Your information is stored securely, ensuring peace of mind with every future order. To opt out, simply uncheck the box to save your information.

How to Opt-In

- 1) Complete required contact and payment fields
- 2) **Add your phone number** in the required field below the checked box for **Save your info for secure 1-click checkout with Link**. Without completing this step, you will be unable to complete the purchase.

The screenshot shows a checkout form with the following fields and callouts:

- Callout 1:** Points to the Card and Bank selection tabs, and the Card number, Expiration date, and Security code input fields.
- Callout 2:** Points to the phone number input field, which contains the text "(800) 555-0175".
- Callout 3:** Points to the checkbox labeled "Save your info for secure 1-click checkout with Link", which is currently checked.

Below the phone number field, there is a link icon and the text: "By selecting to save your info, you agree to create an account subject to Link's [Terms](#) and [Privacy Policy](#). [Learn more](#)"

Optional:

- 3) To opt-out, simply **uncheck** the **Save your info for secure 1-click checkout with Link** box
